

S.O.S

Success On Skates

S.O.S. is a program that Rink Side Ice Arena is offering to our customers as a way to experience our private lesson program. Private lessons are given by our ISI and PSA member professionals. *The Ice Skating Institute has named Rink Side as the 2007 District 8 (Chicago-Milwaukee Area) Merit Award Winner for our outstanding ice-skating staff and ice skating programs.* We have a qualified staff of over 40 instructors who can schedule private lessons with you.

Some skaters only need one private lesson to help them get through a difficult element in a class. Some skaters really want to get to the next level in the sports of Figure Skating or Hockey. We can help anyone of **any age and any level.**

S.O.S. Private lessons are one-on-one instruction for 30 minutes. They must be scheduled on a Rink Side Freestyle Session. You will get your ice time and your private lesson for a special, discounted rate of only **\$15.00!**

Come into the Guest Services Office to sign up today. Please complete the **S.O.S.** form below and pay **\$15.00.** A staff instructor will call or e-mail you within 48 hours.

THIS IS A ONE-TIME OPPORTUNITY. No future commitment is required. If you like your **S.O.S.** instructor and would like to continue taking private lessons you can discuss future lessons with him/her at the end of your lesson time. If you decide to continue in our regular private lesson program you'll pay your instructor's regular hourly rate and you would also pay Rink Side for ice time. Your instructor will be happy to explain how the system works!
